PROFESSIONAL SUMMARY

Artificial Intelligence student and web developer focused on building modern, responsive, and high-performance web experiences. Hands-on with frontend development, backend APIs, databases, and clean UI/UX, with a growing focus on intelligent systems and practical AI applications. Strong problem-solving mindset and project-driven experience through public web and software projects.

EDUCATION

Kafrelsheikh University - Faculty of Artificial Intelligence

Student

TECHNICAL SKILLS

Languages	Python, C++, C, JavaScript
Frontend	HTML5, CSS3, Responsive Design, UI/UX, Interactive Web Interfaces
Backend & Data	Node.js, RESTful APIs, SQL Databases, API Integration
Tools & Practices	Git, GitHub, Clean Code, Performance, Security Best Practices, Problem Solving

SELECTED PROJECTS

StockPro - Smart Warehouse & Inventory Dashboard

Built a responsive inventory management interface covering real-time stock tracking, warehouse logistics, supplier/customer logs, and automated invoicing. Tech: JavaScript, Node.js, Express, MySQL.

Exam Bank

Developed a web-based exam/question-bank project focused on structured educational content and a scalable frontend experience. Tech: JavaScript, web UI, GitHub.

Portfolio & Business Web Projects

Created premium responsive websites and UI systems including LUXE, Qahwatuna, and professional portfolio builds, emphasizing polished UX, responsive layouts, motion, and clean frontend code.

AI / Intelligent Systems Focus

Academic and personal work spanning Python, intelligent systems, algorithms, and practical AI concepts, with an interest in connecting AI capabilities to production web applications.

STRENGTHS

Problem Solving | Teamwork | Communication | Clean UI | Responsive Design | Performance Mindset | Fast Learning

AVAILABILITY

Seeking internship / junior opportunities in Frontend Development, Full-Stack Web Development, Backend Development, and AI Engineering. Available for remote opportunities in Egypt.
